

Andover Forest HOA  
c/o All Points Community Management  
141 Prosperous Place, Ste 21  
Lexington, KY 40509

### **Mailbox Specifications & Standards**

- Mailboxes and posts must be black metal to conform with the community wide standard. Mailbox flags must be red, and numbers must be 3 - 4-inch brass, screw-in numbers, not stickers.
  - An example of an acceptable replacement address number is the Gatehouse 4-in Polished Brass Number available at [www.Lowes.com](http://www.Lowes.com) and in some stores.
- All posts and mailboxes should be kept in good condition and proper working order. Generally, this means the mailbox and post are painted and free from damage, the post is upright, not leaning, the mailbox door and flag are functional, and the address numbers are secure and free from tarnish.

Mailboxes can be replaced or serviced by Kentucky Ornamental Iron – 859-255-7791
